

Things to remember when recycling !

1. **NOTHING ! in plastic bags.** Plastic bags are not recyclable unless "bagged".
{ Bag your bags } refers to ONE plastic bag filled to capacity with plastic bags.
2. **No, none, ZERO caps, corks or loose lids { smaller than 3 inches.}**
{ Throw them in the garbage. They get caught in the recycling machinery. }
3. **Pizza boxes go in the yard waste / The beige compost container !**
They are too greasy to be recycled with other papers.
4. **Large cardboard boxes should be flattened** and stacked between the recycle carts. Medium sized boxes should also be flattened but can go inside the cart.
5. **Florescent bulbs and batteries** are collected in the mail room. Seattle does not provide pick-up for these items so we collect and deliver them to the recycling center.
6. **FREE ! recycling of TVs, computer monitors and electronics.** Many of these websites offer pick up service. There are many locations and variables so check.

From the iliad tenant rules which accompany the lease everyone here has signed.

Recycling has become mandatory in the city of Seattle. In an effort to avoid fines we need to keep recyclable material out of the garbage dumpsters. In addition to not putting recyclable material in the dumpster, tenants must recycle properly. Recycling instructions are provided to tenants upon move in. Instructions are also on the top of the recycle carts. A hard copy of the recycling instructions is available upon request. WE DO NOT WANT TO LOSE OUR CARTS OR DUMPSTERS OR BE FINED.
